

LAWTON MULL

"ANDRE" COFFEE TABLE BY
TOBIA SCARPA

TOBIA SCARPA

1960s

Brass frame, glass top

14 3/4" high x 43 1/4" square

Sold

Tobia Scarpa said that design "is a profession without a rule book...that which remains (and is worth talking about) is that final and concrete result: the object."

This object is his classic "Andre" table in a low profile, with the less common brass frame. The warmth of the metal contrasts nicely with the architectural severity of the form, and the glass top seems to float like ice atop the cylindrical legs. The brass has a lovely patina.
